

Course "Management Soft Skills - Lecturer"

Activity no. 13

29.11.2021 – 03.12.2021

From November 29 to December 3, 2021, despite the deteriorating epidemiological situation, another course "Management Soft Skills - Lecturer" was held for police psychologists, who will become internal lecturers of the Czech Police in this area. The course took place in Prague, at the Olšanka Hotel, and was again provided by an external supplier. The course was attended by 17 police psychologists from all over the country.

Like the previous course on this topic, this one focused on the development of pedagogical skills of psychologists and on the methodology of teaching individual management topics (team leadership and management, motivation and evaluation, effective communication, etc.), so that participants acquire the knowledge and skills needed to prepare and lead their own courses. The course was very interactive, participants could test all the acquired knowledge and skills in model situations and discussions with the lecturer.

Further courses for soft management skills trainers will take place next year.
