

Information about the meeting of the staff of the crime prevention department with crime prevention managers of regions and municipalities and regional prevention coordinators of the Police of the Czech Republic

The meeting took place on May 9-10, 2023 in the purpose-built facility of the Regional Police Directorate of the Pilsen Region Alma, Železná Ruda. About 60 people from all over the Czech Republic took part in the meeting.

Director of the Crime Prevention Department JUDr. Barbořík officially opened the meeting and welcomed everyone present. This was followed by a block of information on the subsidy program for the crime prevention at the local level for 2023 and the evaluation of the program for 2022. Those present were also informed about the ongoing call in the program, which is aimed at helping in connection with the refugee crisis (Ukraine), and about the announcement of the second round of the program for 2023. This was followed by information on the Program of the Ministry of the Interior in the area of crime prevention for 2023 and the evaluation of the year 2022. At the end of this block, regional crime prevention managers and prevention coordinators of the Police of the Czech Republic for individual regions provided additional information. In the next block, there was a presentation of the EUCPN and the participants were informed about the upcoming European Anti-Burglary Day (June 21, 2023) and the "Secure Yourself" project. The Prevention Manager of the Statutory City of Ostrava informed about the upcoming National Days of Prevention in Ostrava. At the end of the first day of the meeting, the project of prevention of recidivism and resocialization of criminals implemented by the company Rubikon in the Central Bohemian Region was presented.

On the second day of the meeting, there was a discussion on the revision of methodological recommendations within the Crime Prevention Program at the local level, especially with a focus on security analyses and strategic documents. The Department of Crime Prevention also reported on activities in the area of cybercrime prevention. At the end, the representative of the Institute of Criminology and Social prevention presented a questionnaire survey in the field of crime prevention at the local and regional level.
